The villa balances traditional Javanese design and modern interior decor, features include a king-sized bed, a rotatable television with cable network, generous sofa to unwind in the sunny afternoon, and an ensuite bathroom with a vast view of the rice fields that travel all the way to the horizon. Villa Bangau 3 is unique in the way that it offers views of the ocean from a secluded spot with 360 views of fruitful and green rice terraces. This view can be taken in from the wooden bathtub in the ensuite, at the poolside, or sitting at the table on the large porch. Enjoy your holiday in Bali and stay in this villa.
