Description

Nestled in the serene neighbourhood of Umalas, Eco Haven Villa is a beautifully 3 bedroom villa that transports you to a greener, more soulful side of Bali. Set on 300 sqm of lush, jungle like grounds with a 200 sqm 2 storey layout, this fully furnished home is built around a stunning organic-shaped pool surrounded by towering bamboo, tropical palms, and dense flowering gardens — creating a private green sanctuary unlike anything you'll find in a typical Bali villa. A traditional along-along gazebo perched at the pool's edge adds an authentic touch that makes the outdoor space feel like a secret garden hideaway.

Inside, the open living concept embraces the villa's natural character dark timber floors, exposed beam ceilings, bamboo balustrades, and carefully curated earthy decor create a warm, bohemian atmosphere that is both relaxed and full of personality. The master bedroom is a true highlight, featuring a spacious dark hardwood floor layout, bamboo bed frame, private balcony, and warm ambient lighting that gives it the feel of a boutique jungle retreat. Two additional bedrooms and three full bathrooms complete the layout, offering generous space and comfort for families or small groups. For monthly renters, the villa includes pool maintenance, gardening, housekeeping, and internet, ensuring a completely hassle-free living experience.

Available for monthly rent, yearly rent, and leasehold until 2046, Eco Haven Villa is a rare opportunity for those seeking a long-term home or investment in one of Bali's most desirable residential areas. Umalas sits perfectly between the energy of Seminyak and the creativity of Canggu quiet enough to feel like a true retreat, yet close enough to everything that makes Bali living so extraordinary.
