Description

This is a beautifully finished 3-bedroom villa in one of Berawa's most sought-after spots and one of its standout features is the stunning rice field view from the second-floor terrace. Sitting up there with a rattan swing chair, looking out over open green paddies, is exactly the kind of moment that makes living in Bali feel special. The two-storey design is clean and modern, with timber ceiling details, glass balustrades, and a private plunge pool set in a bright open courtyard — all coming together to create a home that looks and feels genuinely premium.

Inside, the villa is equally impressive. The living room is calm and minimalist — white walls, a big comfy sofa, and just the right amount of decor to make it feel like home without being overdone. The kitchen and dining area is a real highlight, with a bold black marble splashback, sleek white cabinetry, an eight-seater dining table, and warm amber pendant lights that give the whole space a sophisticated edge. Everything is fully furnished and move-in ready, with three bedrooms and three bathrooms spread across two well-designed floors.

Available for both freehold and leasehold, Villa Nataloka Berawa 2 is a great option whether you're looking to buy or simply want a beautiful long-term home in Canggu. Located in the heart of Berawa, you're well-connected to Canggu's best cafés, restaurants, yoga studios, and lifestyle spots, all while waking up every morning to open rice field views that remind you exactly why people fall in love with Bali in the first place.
