Description

This is a compact but seriously well-designed 1-bedroom villa in Uluwatu that punches well above its size. What immediately stands out is the private outdoor jacuzzi, a rare feature for a villa this size, set in its own open-sky courtyard with vertical greenery and warm natural light streaming in from above. It's the kind of detail that makes you feel like you're staying somewhere special, not just somewhere small. The two storey layout makes smart use of the 70 sqm building space, keeping everything feeling functional and stylish without being cramped.

The interiors have a warm, earthy tone throughout terracotta-toned walls, rattan accents, timber details, and soft lighting that creates a really cozy, boutique atmosphere. The living and dining area on the ground floor flows easily through to the jacuzzi courtyard, while the bedroom upstairs is calm and comfortable with sheer curtains, warm wall sconces, and a rattan bed frame that fits the overall aesthetic perfectly. The bathroom is equally well-finished — terrazzo surfaces, an open-sky shower, and considered details that feel well above the typical standard for a 1-bedroom villa.

Located in Uluwatu, this villa is a great fit for a couple or solo traveller looking for a stylish, private base in South Bali. You're close to world-class surf, cliff-top beach clubs, and some of the best sunsets on the island and for monthly renters, the package includes housekeeping, pool maintenance, internet, rubbish collection and Banjar fees, making it a truly hassle-free place to call home.
